*Rich Milk thoroughly Purified*

That in a sentence sums up Highlander Condensed Milk (full cream). There are very definite and real reasons for its superiority.

First of all the milk is the world's finest. New Zealand's dairy conditions and legislation are the world's model—its dairy products top the world for the price because of their quality. Highlander Condensed Milk is prepared from the purest and richest milk of the specially selected herds in the rich dairying pastures of Southland. The cows are subject to Government inspection, and the milk is drawn from each cow under exceptionally rigorous conditions of cleanliness.

It is then immediately filtered and cooled at the dairies. Next it goes to the great model Highlander Condensaries—cleanliness personified.

Here it is again filtered and subjected to a process which destroys all disease germs. Part of the water is removed by evaporation in vacuo, and a proportion of the finest No. 1A sugar is added.

Highlander Condensed Milk is full cream—the richest, purest milk, less part of the water. More economical than fresh milk—there is no water—use what is wanted, the remainder is available for further use.

Hygienic, uniform, handy, always ready, it is cheaper, more reliable. For cooking it is far superior to ordinary milk—try it.

There are hundreds of recipes in the big 200-page beautifully illustrated Highlander Cook Book. Write for a FREE copy today—address "Highlander," Dept. "A," Fred L. Waldron, Ltd., Agents Honolulu.

## LAUGHS, TEARS IN BEBAN FILM

"The Cook of Canon Camp" the Paramount picture in which George Beban stars, will be shown for the last time tonight at the Liberty theater. In this picture Beban, who is noted chiefly for his Italian characterizations, plays the part of a volatile French Canadian who presides over the kitchen in a north woods lumber camp.

Don't a cook, also stars the cause of the grief of "Slick Jack," one of the men of the camp, played by Monroe Salisbury. The warm hearted sympathy of Jean is aroused and he procures a letter from Slick Jack which is effective in bringing back the man's love. But it also almost costs Jean's position for his sweet, early Marie, is made to believe that Jean is a married man. The impetuous Jean, however, is able to extricate himself from the difficulty. There are laughs and tears in the picture and those human touches for which Beban is famous make a number of the scenes particularly noteworthy.

In addition to the feature the new installment of the serial, "The Mystery of the Double Cross," is full of interest. The weekly Pathe news pictures also are a part of the program.

## FRENCH REVERE JOAN AS PATRON

It is hard for Americans to understand how the French people were able to rise about the overwhelming defeat of 1871 and how they have been able to withstand the strain they have been under with the Prussians at their very doors, with starvation in their midst and the pick of their youth decimated.

It is hard for us to get under the skin of the French character and really appreciate it from anything we might read, but after seeing "Joan the Woman" at the Bijou theater and noting all she has to pass through, we then appreciate why they look at her as a patron saint as liberator and mediator.

It is her inspiration that has held them to the task, and this subtle spirit of holy patriotism has been worked into "Joan the Woman" with a finesse characteristic of Cecil DeMille, which will serve all humanity as an inspiration to crush tyrannical despotism.

## FRAWLEY CO. IS COMING TO BIJOU

Up-to-the-minute Broadway successes will be staged in Honolulu commencing about the third week in January by the T. Daniel Frawley Dramatic company of New York which will arrive here shortly after New Year's Day. The company will open a six weeks' engagement at the Bijou theater and among the plays which will be given are "The Thirteenth Chair," "The Man Who Came Back," and other big hits of little old New York. Frawley has organized a circuit which includes Manila, Shanghai and Honolulu. For the first six months Frawley will tour the circuit with the dramatic company and later in the year he will return with a musical comedy troupe to play such hits as "Oh, Boy!" that are now the rage of Gotham. The Frawley Company appeared here six months ago and proved a favorite with Honolulu audiences.

Joel C. Cohen of the Consolidated Amusements company has stated that as soon as Bethel street is opened a new \$150,000 theater will be constructed.

## RIDER HAGGARD STORY AT HAWAII

The Hawaii theater scores again with another great program following those that have recently been presented. The feature attraction of the week-end bill is the screen version of Rider Haggard's immortal story, "She."

The film presentation of "She" was heralded widely in eastern cities in the states as one of the greatest productions ever put on the screen, and those familiar with the story can appreciate its vast dramatic possibilities. The part of Ayesha in the production is played by Valeska Suratt, who is one of the most famous of the William Fox stars. It may be remembered that Miss Suratt was seen here in "The Victim" and "Jealousy" two pictures that scored notable successes. The new program at the Hawaii also brings the beginning of the serial, "The Fighting Trail," a melodrama played out in the wilderness of the great west. It is a story of adventure teeming with situations of the most amazing sort. Some of the greatest mountain scenery ever pictured furnishes the setting of scenes of the production. It is to continue for 1-weeks.

## MAKE VINEGAR HERE. IS FOOD SUGGESTION

That pineapple refuse might be utilized for the manufacture of vinegar, thus making unnecessary the importation of that product from the mainland, is the suggestion which has been made to the territorial food commission by James D. Dole, chairman.

Figures secured by J. F. Child, federal food administrator, show that about 150,000 gallons of vinegar, valued at about \$15,000, are being brought into the islands annually. Mr. Dole thinks that, in the utilization of pineapple refuse, the local demand could be supplied without the necessity of importation.

The question of converting bananas and molasses has also been brought to the attention of the commission principally as a means of saving the hundreds of bunches of bananas that are going to waste on local wharves each month because of lack of cargo space to get them to the mainland. Members of the commission are of the opinion that this should be developed if developed at all—into a purely commercial proposition.

## VITAL STATISTICS

### BORN.

KEKAHUNA—In Honolulu, Dec. 21, 1917, to Mr. and Mrs. Kaimi Kekahuna, of Frog lane, off School street, a daughter, Keala.

The Hollister Drug Company—Adv.

## BEN BRUNS TALKS ON PEP

Ben Bruns, the B. B. C. Man, great exponent of advertising pep that has visited Hawaii, discoursed on his favorite topic to an interested audience at his headquarters, Kekaulike and King streets, opp. the fish market. Said Mr. Bruns: "Pep is necessary to success and is especially needed in this climate. What makes successful people stand out from the common herd? Pep. What is pep? It is health and vitality. Without it we drop into the 'also rans' class, and eventually into the 'down and outers.' What produces this condition? Over-eating, overloading the stomach with sweets and fatty cooked, greasy foods in excess of our requirements. That condition induces constipation, indigestion, weak kidneys and bladder, sluggish liver, slow circulation, impure blood, rheumatism, and all the ailments that go with an impaired constitution. You have that droopy, dopey, tired, drowsy feeling, become anemic, morose, nervous and irritable. You have it expressed tersely. Lack of pep. This means lack of care, intentional or otherwise, leads to a broken down constitution and an early grave, many around the age of 40.

"You think I speak too strongly. Look over the list of people you know who have passed away and see if I am not right. People say they are old at 40. That's best. A person of 40 or 50 should be at the zenith of their existence. What brings on premature old age? Lack of pep. Therefore pep is Eternal Youth, no matter what your age. Why, I myself, am some past 40, and my friends say I look the same as I did 20 years ago—only better. How do I do it? Pep—health—vitality. A little care. I cleanse my system thoroughly several times a year with my B. B. C. Medicine. It is harmless; non-alcoholic, no habit-forming drugs. Scientifically prepared in a combination of roots, barks and herbs, it has the juice of a mysterious plant of South African origin called the 'Sacred Bark' and the effect is almost electrical on the system, toning up the stomach, curing constipation, regulating the kidneys and bladder, purifying the blood—stirring the sluggish liver to action; banishing sick headaches, lack of appetite, sleepless nights, nervous conditions, rheumatism and malarial ailments—injecting pep and vitality into the body, which is the secret of health and success. I have scores of testimonials right here in Honolulu of people of whom my B. B. C. Medicine has cured ailments of long standing after only a few weeks' use. B. B. C. removes worms and all things of a parasitical nature from the system, making it especially beneficial to children. It is indeed the Wonder Medicine and should be in every household. Another thing: Notwithstanding the greatly increased cost of manufacture, I have not raised the price. B. B. C. still sells for \$1.00 per bottle, and while I am here the advertising price is 6 for \$5.00 or 3 for \$2.50, so you can give it a fair trial and get results. All druggists and plantation stores have it on sale. I am at my place, corner Kekaulike and King, opp. the fish market, every day except Sunday, from 9 a. m. to 5 p. m., to explain the B. B. C. Medicine and sell it to my patrons. Mail orders promptly attended to. Make all money or express orders out to Ben Bruns, agent B. B. C. Honolulu, T. H.—Adv.

The Y. M. C. A. night school has closed for the first term of 12 weeks. The new term will open on January 7. Vocational training will be emphasized in the coming term, altogether 18 courses being offered to the students. Of these courses 15 will be strictly business courses and the other three mechanical. The employed boys school will open on January 5.
